POLICY:

After our patients have received services, it is the policy of Floyd Healthcare Management Inc. ("Floyd Healthcare") to bill patients and applicable payers accurately and in a timely manner. During this billing and collections process, Floyd Healthcare will provide quality customer service and timely follow-up, and all outstanding accounts will be handled in accordance with the requirements of Section 501(r) of the Internal Revenue Code of 1986, as amended.

This policy does not apply to collection actions relating to the portion of a bill that is the financial responsibility of a health benefits plan and not the patient under the plan's terms, regardless of whether the plan has made payment to the patient or to Floyd Healthcare.

DEFINITIONS:

Extraordinary Collections Actions (ECAs): Certain collection activities, as defined by the IRS and the Department of Treasury in regulations, that healthcare organizations may take against an individual to obtain payment for care only after reasonable efforts have been made to determine whether the individual is eligible for financial assistance under Floyd Healthcare's Financial Assistance Policy. These actions are further defined in Section II of this policy below and include, among other actions, reporting adverse information to consumer credit bureaus and/or credit reporting agencies, as well as garnishing wages and other actions that require legal or judicial process; provided, however, that an ECA does not include any lien that Floyd Healthcare is entitled to assert under state law on the proceeds of a judgment, settlement or

compromise owed to an individual (or his or her representative) as a result of personal injuries for which Floyd Healthcare provided care.

Financial Assistance Policy: A separate policy that describes Floyd Healthcare Management's financial assistance program, including the criteria patients must meet in order to be eligible for financial assistance and the process by which individuals may apply for financial assistance.

Reasonable Efforts: The actions Floyd Healthcare will take to determine whether an individual is eligible for financial assistance under Floyd Healthcare Management Inc.'s Financial Assistance Policy before initiating any ECA to obtain payment for care, consistent with IRS and Department of Treasury regulations. In general, Reasonable Efforts include providing individuals with written and oral notifications about the Floyd Healthcare's Financial Assistance Policy and Financial Assistance Application processes.

3. If resolution does not occur after prudent follow-up efforts, Floyd Healthcare may bill the patient or take other actions consistent with applicable laws and contractual requirements.
